

March 2007

Dear Sir or Madam,

CHESWORTH FARM MANAGEMENT PLAN

Thank you for your recent feedback regarding the draft Management Plan for Chesworth Farm. This feedback has been extremely valuable in finalising the Plan which has now been approved and will be operational from March 2007 to March 2012.

All feedback received was considered in finalising the Plan. The major change from the draft document is that, in light of feedback received, the proposal for the future investigation of the siting of football pitches on Jenny Bare Legs Field has not been included in the adopted Management Plan.

Additionally, an agreement has now been reached with Horsham Angling Society to allow some limited fishing on a section of the River Arun adjacent to the Riverside Walk path to the west of the Tip Fields, along the western boundary of the Farm.

The final approved Management Plan will be available to view in April on the Horsham District Council website at www.horsham.gov.uk

Thank you again for your interest in Chesworth Farm and the new Management Plan. If you would like the chance to discuss any of the future plans for the Farm contained within the document, there will be an evening walk around the Farm on Tuesday 5th June, starting at 7.00 pm at the Chesworth Lane barrier (at the end of Queensway) and finishing around 8.30 pm.

Yours sincerely,

Jim Gee
